Dear Business Owner,

The Dance Pointe is thrilled to be celebrating its 8th dance season! Our studio is located in the heart of Glenville and is home to over 300 local dancers and their families. Our spring performance, June 16, 2018, is held at SUNY Purchase and our commemorative programs reach over 2000 audience members from Rye Brook, Greenwich and Port Chester.

Melissa Truelove, Greenwich native and owner of The Dance Pointe, is proud to be teaching her students the art of dance, importance of community outreach and how to use art to be charitable. She leads a group of young dancers to Germany every summer to perform and raise money for a school for children with disabilities. The Dance Pointe performs throughout the area for local charities and is always ready to donate to causes as well as schools. This is a wonderful opportunity for local businesses to reach families in the area and we would appreciate the support.
